**Level above which ground is expected to be frozen/snow is expected to settle.*

Met Office Aberdeen Meteorologist's View
Even with limited sunshine, moderate to high U/V levels will result in a risk of sunburn.

Forecast for Monday 12 Jul 2021

Weather: Another mostly dry start to the day with patches of mist and low cloud. Sunny spells developing during the morning with an increasing risk of showers breaking out. Some of the showers will be heavy and possibly thundery in the afternoon and early evening.

Maximum wind: Light winds at all levels, mainly southerly on the tops, average speeds of 10mph.

Chance of cloud free mountain/hill tops above 800m: 50% improving 80%

Visibility: Generally good with occasional cloud cover about 700 to 800m. There will be patches of poor visibility at first and in afternoon showers with lower cloud bases.

Temperature: **Glens:** 12 Celsius rising to 20 Celsius.
At 800m: 13 Celsius.
Freezing level: Well above the tops.
